

DATE	REV.	REVISION RECORD	DWG/EN	AUTH.	DR.
03.02.06	A00	Production Release	B3997A00	T.I.	T.R.
12.17.08	A01	Corrected notes.	N/A	T.I.	T.R.
12.17.08	A02	Corrected notes.	N/A	T.I.	T.R.

Note:

1. Wires from switch to main board must be connected before RFAC is installed.
2. To use without the Line Switch Kit, use 2 line jumper wires (S90021) to connect L1B from the main board to L1B on the RFAC and to connect L2B from the main board to L2B on the RFAC.
